DANISH DESIGN - WITH PRODUCTION IN DENMARK

GOOD DESIGN, THAT LASTS

Magnus Olesen has manufactured functional, durable yet aesthetic design since 1937 - Made in Denmark.

Magnus Olesen A/S was founded in 1937 with a strong belief in Danish Design and craftsmanship. It is today a well-reputed furniture company, developing and manufacturing design furniture of high quality and durability. Over the course of time it has worked with well-respected designers such as Danish Modern designer Ib Kofod-Larsen in the 1950s, Rud Thygesen & Johnny Sørensen in the 1970s & 1980s, Says Who and Øivind Slaatto today – always remaining true to its design roots but still keeping up with the developments of time.

Due to its design history, Magnus Olesen A/S has built an extensive portfolio of both Danish classics as well as contemporary designs. Today, the designs can be seen in a multitude of architectural projects as well as in private homes. Magnus Olesen has always been focused on longevity and sustainability – good design, that lasts. The company has its production in Durup, Denmark. The showroom of Magnus Olesen is placed in beautiful surroundings in the center of Copenhagen.

GOOD DESIGN, THAT LASTS

“Not just any design will be put in production at Magnus Olesen. A design is considered as good design, when both the visual expression and well thought out function meet the environmental requirements we work with.”

– Nils Knudsen, Owner & CEO, Magnus Olesen A/S

PRODUCTION IN DENMARK

We believe in Danish craftsmanship and have produced in Denmark ever since 1937. Wood and other raw materials are converted into chairs and tables locally in Denmark. With our factory in Denmark we work purposefully for a production that meets the strictest environmental requirements.

RESPONSIBLE USE OF MATERIALS

Magnus Olesen's production is based on sustainable materials. Since 2016, Magnus Olesen has been FSC® certified (FSC® C131817). Our environmental choice applies not only to our wood but also to other materials in our production. For example, recycled materials such as composite material. In addition we offer a number of our tables with 'Honeycomb' material which secures minimal use of material. A number of our products are EU ECOLABEL certified.

CIRCULAR ECONOMY/ DESIGN FOR DISASSEMBLY

We work with circular economy and the majority of our products are designed for disassembly so that they are easy to recycle and reuse. This gives us the opportunity to offer individual 'Take Back' agreements where we upcycle our products for an even longer lifetime.

Magnus Olesen
Good design, that lasts

8000 SERIES

DESIGN: (1981) RUD THYGESEN & JOHNNY SØRENSEN

8000 series is a design icon, produced by Magnus Olesen since 1981. The series is based on a unique and patented production technology without the use of screws and dowels, which makes the furniture very flexible and incredibly strong despite its low weight. In 2021, Magnus Olesen brings the 80s to life with a relaunch of the iconic 8000 series chair in 9 new high gloss colours (Gloss 90). The series is also available in the same selected colours as the Ø Chair (Gloss 35) (see more on page 37)

X-LINE SERIES

DESIGN: (1971) NIELS JØRGEN HAUGESEN

X-Line is an iconic chair designed by the Danish architect, Niels Jørgen Haugesen. The construction is based on a simple and logic design – where the iconic X plays the central part of the chair's function, strength and stability. The X-Line table is a natural extension and follows the minimalistic design line from the chair. Relaunched in 2022 in four powder-coat variants, which makes it particularly suitable for outdoor use.

BUTTERFLY SERIES

DESIGN: NIELS GAMMELGAARD

The Butterfly Series consists of 9 variants that offer a multitude of combinations with different kind of frames, wooden surfaces, and fabric variants. The chairs have a high seating comfort and elegant lightweight, yet distinctive and slim design. The seat shape and ease of the design resemble a butterfly, hence the name of these designer chairs.

MODEL 107 SERIES

DESIGN: (1950) IB KOFOD-LARSEN

Model 107 was designed in the 1950s and originally produced by Magnus Olesen in 1956. Paying respect to the original design and craftsmanship, the series is being relaunched in a classic version in oak, teak, leather and wool. The design is refreshed by additional coloured option in grey speaking to the modern design lover.

Ø CHAIR

DESIGN: (2020) ØIVIND SLAATTO

A chair in modular design consisting of three parts - seat, back and frame - elegantly combined with just one screw. This makes the chair easy to disassemble, so parts can be recycled and reused. The chair is created under the aspect of unique design, longevity and minimal transport costs due to the chairs stacking ability.

SLENDER

DESIGN: (2017) ANTONIO SCAFFIDI

Slender is a table with a slender expression and a continuously flowing contour along its edges. Legs and table top are arranged to visually unify these elements as one. This also underlines the pragmatic functionality of the design - no space is wasted. All corners are rounded softly. The core of the table top consists of Honeycomb which minimize material consumption and, at the same time, makes it strong and light-weight.

MIX TABLE SERIES

DESIGN: (1997) RUD THYGESEN & JOHNNY SØRENSEN

A simple modular table solution without rails – with many options. Thanks to the 'Honeycomb' table top, the table is light but at the same time robust and long-lasting. The tables can stand alone or be linked together by linking devices and additional leaves for individual arrangements. The Mix tables is available in classic finger joint wooden legs and standard conical wooden legs and folding leg.

BRUNCH TABLE SERIES

Brunch is a distinctive table with a simple, sleek and clear-cut expression. The 2,2mm slim table top of plywood is robust, and especially with a surface of high-pressure laminate, extremely durable and particularly suitable for canteens, cafés and waiting areas. Brunch is available with steel or wooden legs as a regular standard table, or with foldable legs.

MEETING TABLE

An elegant gable table in a light-weight material - the core of the table top consists of Honeycomb minimizing material consumption and, at the same time, makes the table light and very strong. Two built-in castors are mounted in one of the gables, so the table can be easily moved to the area where it is to be used. A bar table for many different rooms and particularly useful as a meeting bar table, with the option of both hang-up function for bar chairs and foot rest.

FABRICS, ARTIFICIAL LEATHER AND LEATHER

Price ranges

The fabrics, as well as the fire-retardant CMHR polyurethane foam with high density: 60 kg/m³, have been chosen in due consideration of the fact that they should be able to withstand many years of hard daily wear regarding abrasion resistance, elasticity and cleaning

1. Abrasion resistance

According to the Technical Specifications from Danish Furnituremakers' Quality Control furniture fabrics used on a firm upholstery, which is on all our seating furniture, should fulfill the requirements of an abrasion resistance of 45.000 rubs according to the Martindale test method when exposed to normal use and 75.000 rubs in cases where the furniture is exposed to severe use as for instance in public environments. For less severe use a minimum of 25.000 rubs is needed.

2. Elasticity

On account of the from upholstery the fibres in the furniture fabric must have a certain degree of elasticity, i.e. the ability to contract after having been used, in order to avoid wrinkles or puckers which may occur when using cotton fabrics lacking this elasticity. In time leather stretches and wrinkles - more on a thick upholstery than on a thinner back upholstery. The thick leather types stretch less than thin leather.

3. Cleaning

As the major part of our seating furniture has a fixed upholstery, it is important that the furniture fabric is dirt-repellent and stands cleaning throughout a long period of time. This applies to woollen fabrics whereas Trevira CS and cotton fabrics attract dirt. This is why a removable seat cover should be chosen for seating furniture with a Trevira CS fabric in order to make the seat cover washable. Leather must have a surface treatment.

We reserve the right to reject furniture fabrics, vinyls or leather that we find unsuitable for the purpose of the furniture

Steel surfaces

Bright chrome or black matt grained lacquer at standard price. Powder coating in RAL 9006 aluminium in special colours at an additional price - shown for each product in the price list.

TERMS OF SALE AND DELIVERY

1. Extent and duration

1.1.

Terms of sale and delivery are valid for all offers, orders, deliveries and payments where Magnus Olesen A/S is a supplier or a sub-supplier, unless an explicit written deviation has been made.

1.2

The Buyers indication of special conditions in tender material, orders, purchase conditions will only be considered agreed if an explicit agreement has been made. These terms of sale and delivery have priority compared to purchase terms and conditions unless a separate agreement has been made.

1.3

The terms of sale and delivery will take effect from 1st June 2024 and will be valid until other information is given by Magnus Olesen A/S.

2. Offers

2.1

Every offer is given errors, omissions and other discrepancies excepted

2.2

Offers are binding for Magnus Olesen for 30 days from the date of the offer unless another time limit is explicitly expressed in the offer.

3. Sample furniture

3.1

Sample furniture is available for named projects for a net value for more than EUR 7.000 In connection with sample furniture Magnus Olesen will take on the freight to the dealer's warehouse whereas the dealer will be responsible for handling the return freight in the original packaging. Magnus Olesen must be contacted prior to returning the sample furniture - you will then have a return number, so the furniture may be credited correctly on return to the factory. Sample furniture which is not returned within 30 days will be invoiced to the dealer.

4. Ordering/order confirmation

4.1

A binding agreement has been made when the Buyer receives a written order confirmation.

4.2

Together with these terms of sale and delivery the order confirmation is considered the valid basis for every commerce between Magnus Olesen and the Buyer.

4.3

Objections to the content of the order confirmation must be given in writing to Magnus Olesen no later than 2 days after the date of the order confirmation. Objections made later than that will be at a fee.

4.4

Cancellation of orders can only happen with the written acceptance from Magnus Olesen and against a simultaneous payment of a fee of 25% of the confirmed sales price. In case of custom made furniture a cancellation can be made against a fee of 75% of the confirmed price.

5. Delivery and time of delivery

5.1

CIP Freight carriage and insurance paid to the dealer's warehouse address. For deliveries of orders for a total net amount below EUR 1.000 a transport fee of 10% of the net order amount is added - the minimum fee is EUR 70. For delivery to end users a transport fee of EUR 215 will be added regardless of the order amount. Delivery includes unloading at the door or on loading platform, where as the dealer is responsible for carrying the furniture in as well as for unpacking and mounting the furniture. Direct deliveries on a requested date will only be coordinated as far as the forwarder, normally used by Magnus Olesen, is able to meet the request. An additional freight cost will be added if an alternative forwarder is used.

5.2

Delivery from Magnus Olesen within 4 working weeks, counting from the time of delivery indicated in the order confirmation will be considered as delivered in due time. The Buyer cannot claim damages due to delays from the seller.

5.3

In case of a delay owing to the Buyer's circumstances the Buyer is obliged to pay the purchase price at the agreed time and the Buyer must also pay the cost of storage etc.

6. Prices and terms of payment

6.1

Magnus Olesens prices are those valid on the day of the order unless another written agreement has been made.

6.2

Cash payment on delivery at the latest, unless other terms of payment have been agreed upon separately and have been confirmed in writing by the seller. Credit will be granted provided that a debtor insurance is obtained - if not, payment or bank guarantee at buyer's expense before starting production, unless another agreement is made in writing. After the due date of payment a 1.5% interest per month + a fee will be charged. If a payment is not made on the due date the seller has the right to cancel the purchase immediately and without further notice.

The ownership of the sold items remains in all respects with the seller until the purchase amount and all other costs involved in the purchase are paid effectively by the buyer.

6.3

Payment must be done as a bank transfer to Magnus Olesen's account at Buyer's expense unless another mode of payment is agreed in writing.

7. Warranty

Magnus Olesen grants a 5 year warranty against manufacturing defects in materials and constructions in standard products and standard executions. The warranty never covers ordinary wear and aging, wear and tear on covers and surfaces (including surface treatments). The warranty presupposes normal use of the furniture in a normal indoor climate. When using customer's own material (fabric/vinyl/leather) the Buyer is holding all responsibility for the material's suitability for the concerned product and its purpose. Small knots, colour differences, more or less visible annual rings in the wood are signs of authenticity and are not considered as defects.

8. Special products and executions

Our 5 year warranty will not be valid for orders for special products and executions which are not part of our standard range and supplementing deliveries cannot be guaranteed. Furthermore our time of delivery on such products may often be longer than on standard products and executions.

9. Sustainability fee

9.1

A sustainability fee of EUR 15 will be added to all invoices - for further information with regards to our environmental initiatives - please contact the factory.

10. Defects and complaints

10.1

Complaints regarding defects or flaws in the product must be made in writing no later than 7 days after the day of delivery.

Complaints regarding transport damage or other defects or flaws visible prior to the unpacking of the product must be made in writing by the Buyer towards the carrier when receiving the product and be noted on the delivery note. Complaints regarding transport damages which are not visible prior to the unpacking of the goods must be made in writing with photos of the damages in question attached no later than 7 days after delivery. If not, Magnus Olesen cannot be made responsible for the damage.

11. Force Majeure

10.1

The Buyer cannot make a claim towards Magnus Olesen regarding breaches of contract, if a delay in delivery is due to an event beyond the control of Magnus Olesen.

12. Venue and choice of law

These terms of sale and delivery are subject to Danish law.

13. Time of delivery (excl. of transport)

Upholstered surfaces : approx. 5 working weeks

Surfaces in linoleum/laminate: approx. 4 working weeks

Table top surf. in natural wood: approx. 5 working weeks

NB.

Any changes must be made 4 working weeks before dispatch for upholstered surfaces and table tops with wooden surface 5 weeks prior to dispatch.

We reserve the right to make alterations to the models and shall not be liable for any printing errors
